

READING WITH PROFIT

Editorial supplements and specials ("Börsen-Zeitung SPEZIAL") are a traditional feature of the Börsen-Zeitung. These supplements provide up-to-date assessments of market and industry topics.

The authors of the supplements are usually leading figures and representatives from banks, the international financial world and industry, as well as their organisations and associations. In addition, multi-page feature articles appear in selected daily editions of the Börsen-Zeitung.
